

Applications:

- Fiber to the building (FTTB)
- Fiber to the home (FTTH)
- For use in outdoor application
- Wall mounted and pole installation
- Aerial-hanger, Direct Buried

Features:

- Suitable for protecting fibre cable splices in Straight and Branch applications
- Resistance to vibration, UV and temperature fluctuation
- Protection Level: IP68
- Dome type, Heat-shrinkable Sealing Structure of Cable ports
- Sealing Structure Silicon Gum Material
- Easily re-enter without any tools, saves time and cost
- Rugged construction for long term reliability

Size, mm	Cable Entrance	Cable Diameter	Number of Splice Trays	Max Capacity of Cores Per Splice Tray	Max Capacity of Cores Per Closure
100x340	1 oval + 3 round	Max Ø18mm	2	24	48

Standart Configuration:

- Splice Cassette, wall mount brackets, branch clip Size S, protection sleeves, Cable ties, Abrasive strip, Cleaning agent, aluminium cable tape, Heat shrinkable tubes for all ports.
